

## Erratum

---

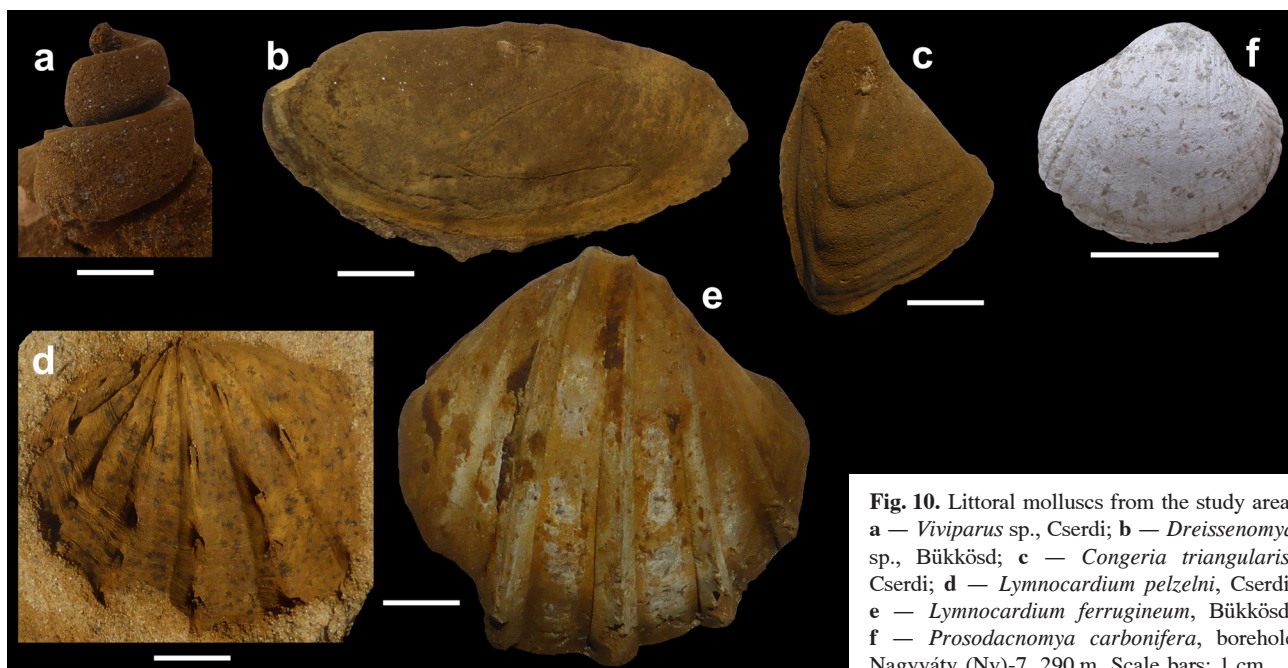

“Turbidites as indicators of paleotopography, Upper Miocene Lake Pannon, Western Mecsek Mountains (Hungary)” by ORSOLYA SZTANÓ, KRISZTINA SEBE, GÁBOR CSILLAG and IMRE MAGYAR published in *GEOLOGICA CARPATHICA* Vol. 66, No. 4, 2015, pages 331–344, doi: 10.1515/geoca-2015-0029, error in the Figure 10 on page 340.

The labelling of molluscs in the Fig. 10 is incorrect :

- e — *Prosodacnomya carbonifera*  
 f — *Lymnocardium ferrugineum*

The corrected labelling is shown below:

- e — *Lymnocardium ferrugineum*  
 f — *Prosodacnomya carbonifera*

**Fig. 10.** Littoral molluscs from the study area. a — *Viviparus* sp., Cserdi; b — *Dreissenomya* sp., Bükkösd; c — *Congeria triangularis*, Cserdi; d — *Lymnocardium pelzelni*, Cserdi; e — *Lymnocardium ferrugineum*, Bükkösd; f — *Prosodacnomya carbonifera*, borehole Nagyváty (Nv)-7, 290 m. Scale bars: 1 cm.
